

## **Program Description for Prospective Faculty**

**Program:** GHANA

**Approximate Program Dates:** Three weeks in May (subject to change)

### **Program Focus:**

This program is designed to provide students with a variety of courses while they experience Ghanaian culture first hand. Trips to cultural sites will also convey important information about both contemporary and historical Ghana. Course proposals are welcome from all academic fields, as long as they relate closely to Ghana.

### **Program Description:**

The program in Ghana will center on three locations: Accra, Cape Coast and Kumasi. Accra is the national capital city of over 2 million residents while Cape Coast and Kumasi are regional centers. Each of the three locations affords easy access to rural communities that provide sharp contrasts between tradition and modernity; therefore, ample opportunities will be presented to put social change in perspective. Students will also visit Cape Coast, home of the Cape Coast Castle, an historic departure point in Ghana for untold numbers of slaves bound for America and the Caribbean. The program will also venture to the rain forest region to the garden city of Kumasi.
