Program Description for Prospective Faculty

Program: FRANCE

Approximate Program Dates: Three weeks in June/July (Subject to change – final dates are set in August prior to the fall faculty orientation.)

Program Focus: This program is designed to provide students with a variety of courses while they experience French culture first hand. Course proposals are welcome from all academic fields, as long as they relate closely to France.

Program Description:
With its timeless charm, living history, and culture, France is a destination packed with wonderful things to see and do. While Paris boasts the vibrancy and advantages of a bustling big city—monuments, rapid transit, bucket-list museums--it somehow manages, through its quaint streets and friendly sidewalk cafes, to feel like many cozy little neighborhoods.

The program may take day-trips by train or coach outside the city to visit Versailles, Chartres, Giverny, and the historic D-Day beaches of Normandy.
Thanks to its beautiful weather, with long and sunny days, June and July in Paris are months of outdoor festivals, holidays, parks and concerts. When you teach in the TnCIS France program, you and your students will enjoy its lovely culture and discover for yourself why Paris is one of the most popular travel destinations in the world.
